ABOUT ME

Aspiring Software Engineer with 1 year of internship experience in Java development, focused on designing, developing, and maintaining efficient and scalable software solutions.

Experienced in applying modern development frameworks, clean coding practices, and agile methodologies. Recognized for strong analytical skills, effective communication, and a collaborative approach to problem-solving. Committed to professional growth and eager to contribute to innovative projects that drive technological advancement and business success.

EXPERIENCE

Intern – Software Engineer

Wiley Global Technologies (Pvt) Ltd.

Team: Australia Schools

📅 2024 – present

- Contributed to the development and enhancement of Jacplus microservices project while ensuring compliance with modern clean code practices.
- Gained hands-on experience in debugging, maintaining, and writing unit tests for various microservices using JUnit and Mockito to ensure high code quality.
- Developed expertise in Spring Boot, Java, React.js, and other modern frameworks and tools such as IntelliJ, Postman, and Jenkins.
- Enhanced test coverage and fixed SonarQube issues, ensuring code compliance and optimized performance in microservices projects.
- Participated in daily stand-ups, sprint planning, iteration retrospectives, and backlog refinement sessions, aligning with Agile practices.
- Worked closely with cross-functional teams, including Quality Engineering (QE), to resolve issues, enhance automation, and verify production-ready features.

Junior Auditor

Ernst & Young Ruhuna

📅 2019 – 2021

- As an audit junior, I gained experience in handling diverse tasks, including both auditing and managing personal tax files.

EXPERTISE

Programming Languages and Frameworks

Spring

Java

PHP

React

JavaScript

Software's and tools

JIRA

GitHub

Jenkins

Database Technologies

MySQL

MongoDB

EDUCATION

Bachelor of Information Technology (External)

University of Moratuwa Sri Lanka

📅 Graduate – 1st Class – GPA 3.805

BSc. Business Information Systems (Special)

University of Sri Jayewardenepura

📅 Final Year – Undergraduate – CGPA 3.65

G.C.E Advanced Level - Commerce

Rahula College Matara

📅 2019- 2A's 1B

PROJECTS

Web Application for Career Guidance Unit USJ

Learning project

React, Express, NodeJS, MySQL 🔗

- As a part of university project, implemented career guidance and development portal which use Gemini AI as interactive chat assistant.

Dream Job Web Application

Learning project

React, Express, NodeJS, MongoDB 🔗

- As a part of final year project, implemented job portal web-application which use the Gemini AI for evaluate the applicants resume.

Inventory Management Application

Learning project

PHP, Bootstrap, HTML, JavaScript, MySQL 🔗

- It is web-based inventory management application that can computerize the entire inventory management process.

Railway Ticket Management System

Learning project

Java, Java Swing 🔗

- Developed a standalone application as a second-year project using the Java programming language for computerized the railway ticket issuing process.

Vehicle Management Project

Learning Project

Java, Android Studio 🔗

- Developed an app to manage personal vehicle details including the service history.

CERTIFICATION

- Programming in python | Open UOM
- Front-End web development | Open UOM

EXTRA CURRICULAR ACTIVITIES

Executive Member

Students' Association of Information Technology
University of Sri Jayewardenepura

📅 2022/23

Executive Media and IT

Commerce Society of Rahula College Matara

📅 2019

School level chess player

Rahula College Matara

📅 2014 - 2019
