

SHARON ANTHONY

SOFTWARE ENGINEER

Profile

I am a passionate software engineering student with a strong foundation in Java development and the Spring Framework. Proficient in Core Java, data structures, algorithms, and database management, I focus on writing clean, efficient code and improving system performance. Through hands-on academic projects, I have built innovative solutions like web applications and management systems, strengthening my skills in debugging and optimizing complex codebases. I am excited to bring my expertise in Java, problem-solving skills, and creativity to impactful software engineering roles and contribute effectively to dynamic teams.

Education

● BSC IN SOFTWARE ENGINEERING (READING)

CARDIFF METROPOLITAN UNIVERSITY | 2021 - Present

Gained hands-on experience in Java, Spring Boot, and full-stack web development through academic projects

● GCE ADVANCED LEVEL (MATHS STREAM)

WESLEY COLLEGE, COLLOMBO | 2015 - 2018

Specialized in Mathematics, Physics, and Information Technology.

● GCE ORDINARY LEVEL (SCHOOL BEST RESULT)

ST. ANTHONY'S BOYS COLLEGE, COLOMBO

Achieved strong grades, building a solid foundation in science and mathematics.

Projects & Experience

● CAR RENTAL SYSTEM FOR TOUR MATE

C++

Designed and implemented a car rental management system to automate the process of booking.

Enhanced user experience and booking efficiency with a simplified reservation interface

● MANAGEMENT SYSTEM FOR CITY INSTITUTE

Java, MySQL

Built a comprehensive system to manage student records, fees, and class schedules for an educational institute.

Enabled easy access to information and improved administrative efficiency.

Personal information

Name

Sharon Anthony

Address

319/10, Layard's Broadway, Colombo – 10.

Email

Sharonanthonyjohnjokinroy@gmail.com

NIC

Skills

+ Problem Solving

+ Teamwork

+ Leadership

+ Time Management

+ Positive Attitude

Technical Skills

Programming Languages

- Java
- Python
- C++

Competences

✓ HND in Software Engineering - ICBT

✓ 60 Problems solved in GeeksForGeeks

Additional activities

⚡ Cricket

⚡ Chess

⚡ Basketball

Achievements

🏆 General Proficiency Award (Wesley College) - 2017

🏆 First Place in Mathematics (Wesley College) - 2017

- **FARMER WEBSITE (FULL-STACK WEB APPLICATION)**

HTML, CSS, PHP, JavaScript, MySQL

Created a platform to connect farmers with service providers and facilitating easy communication by making queries.

Optimized web performance and usability across different devices and browsers.

- **ONLINE RESERVATION SYSTEM (FULL- STACK WEB APPLICATION)**

Java, Spring Boot, React.js, Tailwind CSS, MongoDB

Developed a web application for managing reservations, role-based authentication, and payment processing.

Implemented RESTful services using Spring Boot and designed responsive front-end components using React.js.
